STEP2 Customer-Apply for Authorization

1. Customer login Realtek Online (<https://online.realtek.com>)
2. Apply for system authorization
3. Fill in relevant information and Save
4. Online will info the contact window you input to active your authorization.

The screenshot shows the 'Online' interface with a table of system information. The table has columns for 'System Name' and 'Status'. The first row shows the system name 'Anchor' (Realtek Download Cloud) and a '1.' next to a yellow 'Apply' button. A modal dialog box titled 'System Permission Application' is open, containing the system name 'Anchor', a text input field for 'Realtek Contact Window (Email)*', a note stating 'Your system permission needs to be activated by a person in Realtek.', and a text area for 'Reason for Application'. At the bottom of the dialog, there is a '2.' next to a blue 'Save' button and a grey 'Cancel' button.

STEP3

After the system account is activated, you can directly enter the system by logging in online.

The screenshot shows the 'Online' interface with the same table as in the previous step. The 'Status' column for the 'Anchor' system now shows a green arrow pointing to a blue 'Enter' button.
